Teen Dances Ended; Deputies Arrested; Band Wins Acclaim

LEMON GROVE

JANUARY

Rain Falls

The year began with a storm that carried over from December, 1964. The storm deposited an inch and a half of rain in a two-week period and drove temperatures below the freezing level.

Jan. 5, three local youths from Mount Miguel High School survived a one-car accident in the Laguna Mountains. The boys' car flipped over an embankment, plummeting 700-feet below the road.

Two County Sheriff's deputies were injured in a melee at the Fayaton Dance Hall on Broadway. The sheriff's office consequently suspended the dance permit because of repeated problems involving unruly teenagers.

FEBRUARY

License Revoked

A voluntary citizens group demanded the permanent shut-down of the Fayaton Dance Hall. A meeting was held later in the month with sheriff's department representatives and local citizens and the Fayaton operators. The final decision was to permanently revoke the Fayaton license. It was pointed out that the operators were not at fault as most of the problems were caused by out-of-town teens.

Girl Killed

Feb. 25, Cheryl Kathleen Carlson, a 16-year-old Mount Miguel junior, was killed when the horse she was riding bolted into a stationary car at Mt. Vernon and Massachusetts.

The Lemon Grove School District approved plans for improvements to Golden Ave. and Junior High schools. And a shop-at-home project was begun by local merchants to keep shoppers in the LG area.

Dennis McCollum, a local explorer scout, won the Valley Forge Freedom Foundation's Nathan Hale Award.

MARCH

Clean-Up Campaign

Lemon Grove Chamber of Commerce began a clean-up campaign, offering a \$10 prize to anyone making the best suggestion for clearing the streets of litter.

Cecil F. Trozel was found dead at the bottom of his swimming pool at his residence after falling and bumping his head on the side of the pool.

ARCHIVES SAFETIED—Early records of Lemon Grove were deposited this week in a cabinet in the L. G. Library by Mrs. Orville Reese, right, president of the L. G. Women's Club. Looking on are A. F. "Tony" Sonka and Mrs. Agnes Osgood. Mrs. Osgood gathered the material for the Soroptimist Club of Lemon Grove. The files were indexed and bound by

Dr. Amorita Treganza, former Soroptimist president. The records include the 1906-1912 minutes of the "L. G. Country Club," a forerunner of the Forward Club, which in turn, was the forerunner of the Women's Club. One scrapbook was compiled by Dr. Treganza's mother. This, too, was added to the cabinet of Lemon Grove memorabilia.

SPRING VALLEY

JANUARY

The year started out "cold". During the first week of January Spring Valley had temperatures of 30 degrees.

The Spring Valley Lions Club set up a rabies clinic at Fire Station No. 2, and a mother and her three children were treated and saved from monoxide poisoning.

Candidates began filing for seats on the S. V. Fire District board. Campfire Girls began their annual peanuts sale. The weather changed, reaching the 70's.

The "Angels Unaware" drive inaugurated by this paper, netted 1,262 subscribers. And the County Grand Jury, said O. K. for an earlier Christmas letter to be sent to parents by the board of trustees of the LM-SV School District.

Toward the latter part of the month, the Casa de Oro Men's Club was formed. A group said it planned to sue the board of trustees of the LM-SV School District for printing Christmas letters.

FEBRUARY

Freeway O-K'd

The California Highway Commission O-K'd the proposed 125 freeway through western Spring Valley. Bob Rundell was an easy winner in the election for Helix Irrigation board member.

The Spring Valley Lions Club began its annual speak-off contest for high school students. 40 sailors donated blood to the Blood Bank in memory of a Spring Valley girl, killed in an auto accident. Three persons were appointed to the board of the Spring Valley Chamber of Commerce.

Two men filed as candidates for the board of the S. V. Fire District.

MARCH

Flag Presented

Congressman Lionel Van Deerlin presented an American flag to Highlands Elementary School; the flag having been flown over the Capitol Building in Washington D. C.

A group urged incumbents in the forthcoming school district board race to re-run. And the S. V. Kiwanis Club began membership drive. Eight persons filed as candidates for the board race of the LM-SV School District.

The DIMMER VIEW
by MAX GOODWIN

Winning The Prize Is Headache

Band Parents of Mt. Miguel High School raised more than \$1,000 to transport the Marching Matadors to Pasadena where the band will march in the Rose Parade Saturday.

They raised the money but it wasn't easy. The amount is large and the time was short. The money was needed to transport, house and feed the members of the band. Of the needed \$1,900, the County provided \$900. In exchange for \$900 the County gets world-wide exposure from a county band appearing in the parade.

It would appear that the City of San Diego, would have the same feeling. But not they. The City rejected the request for financial aid this year and the winner was faced with a financial crisis with three school weeks in which to resolve it.

The group raised \$1,085, so there will be enough money to cover the programmed expenses. Service clubs, individuals and business firms were asked for as much as the traffic would bear. These, together with parents and leaders who raised the money should be saluted. Any successful project is fine. But let's take another look at this situation.

The program is sick when the combined leaders of the county's fine bands cannot provide the means for paying the winner's expenses.

It must be a bitter pill when the winner is given a burden more properly belonging to the loser.

Because contest timing is also bad, we propose that the San Diego County marching band fund-raising program be made a year long one.

The small lapse of time between choosing of the Rose Parade representative and the parade itself makes it onerous to gather the money together.

In these three weeks the bandmaster must whip his charges into shape so that they can bear up during the parade. Members stand on their feet up to five hours and march seven miles. Bandmasters must also maintain scholastic standards during this period. It is any wonder that the honor of winning can be associated with penalty instead of joy?

So we propose that the Rose Parade fund-raising project be made into a full-year project with all participating bands sharing in it.

Band Parents Clubs should assess themselves a monthly fee and the entire jackpot should be awarded at the time the band winner is chosen in November.

Thus the cost would be shared in a way that would not be onerous to any one group and the winner would have indeed won a prize instead of a financial responsibility.

We call on band parent groups to examine this proposal sincerely.

Bands may not win two years in a row so Mt. Miguel will not be eligible next year. Wouldn't it be in the highest tradition of sportsmanship if this group, knowing it can't win and therefore with no axe to grind, would give proper leadership to this needed program?

Arson Charged In L.G. Fire

SAN DIEGO (CNA)—A preliminary hearing will be held Jan. 27 in San Diego Municipal Court for Joseph Luther Moore, 73, of 3837 Grove Pl., Lemon Grove, who is charged with arson.

Moore pleaded innocent at an arraignment in Municipal Court Friday and was released on \$550 bail.

He is accused of burning a vacant rental house he owns at 3753 Grove Pl. Nov. 1, two days before his insurance would expire.

Curtis To Return With Band In Hand

"Hometown boy makes good" could be attributed to Mount Miguel High School band director Lawrence Curtis New Year's Day.

That date will mark the appearance of his Marching Matador Band in the famous Rose Parade in Pasadena.

It will also mark the return of Curtis to the Pasadena area and the parade itself. Curtis, who replaced Larry Christianson this year as director of the Mount Miguel band, was born in Pasadena and lived there for 25 years.

In 1948 and 49, he marched with the Pasadena City College band in the holiday classic and ever since has wanted to "take my own band up there."

This New Year's he'll have the chance thanks to numerous area contributors.

The band chosen to march in the Rose Parade is decided by competition late in November. When Mount Miguel's Marching Matadors won, the County of San Diego supplied \$800 of the anticipated \$1,800 needed. The City of San Diego, which often puts up an equal amount, failed to provide funds this year. This left the band \$1,000 short with but three school weeks to raise the money.

A call went out from the Mount Miguel Band Parents group for help. Not only did help come from the local area but funds were contributed from La Jolla, Escondido, Julian, Rancho Santa Fe, San Ysidro, El Cajon Chula Vista, La Mesa, National City and Lake side.

Contributions to the travel fund for the Marching Matadors totaled about \$1,200—not enough for the aggregation to travel as VIPs but they'll not be sleeping on a gymnasium floor nor eating cold, packed lunches.

William Dobbins of Brookside, president of the Mount Miguel Band Parents club said money left over will be contributed to help next year's winner.

More than 100 persons made contributions. These will be among the proudest when the Marching Matadors are flashed on world-wide television Saturday.

PRIZES AWARDED—These prizes were among the ones awarded last Friday in a special holiday drawing at Warren's Maple Shop on Broadway. Chuck Buckles (left) and Al Woods of the Chamber of Commerce (right) assisted with the drawing. At center is Joel Carlisle, new decorator for Warren's, which features Early American, Mediterranean and Contemporary furniture. Grand prize winner of the Syster upholstered swivel rocker was Joyce Dahlgren of 8735 Hartzel, Spring Valley.

Idle Time? Not For Sue

Sue Neptune, a 17-year-old Mount Miguel School senior, is one teenager who has not idled away Christmas vacation time.

She spent the first nine days of her vacation in Mexico with the high school Girls' Ensemble, returning Christmas eve. Since then, excluding Christmas day, she has been practicing with the school's Bandettes in preparation for the band's appearance in Pasadena New Year's Day for the Rose Parade.

Although the pace has been hectic for the daugh-

ter of Mr. and Mrs. David Neptune of 3402 Trophy Dr., La Mesa, it has been enjoyable, according to Sue. "I was real impressed by the sincerity of the people in Mexico. They gave us a real warm welcome," Sue related.

Sue and other members of the girls' choral group toured Mexico, including Mexico City and Guadalajara, giving singing performances in numerous cities, towns and villages.

And now its on to Pasadena and the Rose Parade along with 106 other Matador marchers.

What Makes The Press Free?

Some people regard newspapers as public servants. In fact, some newspapers refer to themselves in this manner. Public informers? Yes! Guardians of the people's right to know? Yes! Moulders of opinion? Yes! But NOT public "servants!"

A servant is a person without a will of his own. He is subject to the command of others. God forbid the free American press should ever become the servant of any group or individual, for of all the freedoms guaranteed by our Constitution, freedom of the press is the only one which can preserve the others.

Christmas Seals Aid Medical Research

Thanks to Christmas Seals, California medical research received a \$112,000 shot in the arm this year.

Local contributions, including those from San Diego County, helped support a statewide program which provided research grants for 12 leading scientific investigators and special fellowships for 27 medical students at research centers through California. Dr. Amorita Treganza, Lemon Grove-Spring Valley area chairman of the Tuberculosis and Health Association of San Diego County, reported yesterday.

Grants totaling \$72,140 are underwriting a wide range of investigations aimed at disclosure of new information about tuberculosis and other respiratory diseases. Among them are:

Breathing Study

A study of breathing in unborn infants which may shed some light on the mechanisms which control breathing in the newborn.

A search for the still elusive tuberculosis vaccine.

Rehabilitation of patients with chronic respiratory disease, a major cause of time lost from work and school.

Use of radio-isotope lung scanning to seek a simpler, more comfortable treatment for those suffering from chronic bronchitis and emphysema.

Clinical testing of patients suffering from the puzzling lung fungus disease known as coccidioidomycosis—"valley fever". (An old Indian campground near Lakeside has been found to be infested with the fungus.)

Anti-TB Drug

An investigation of possible effect of irregularly taking of the anti-TB drug called PAS (para aminosalicylic acid) may have on the increasing resistance of the TB germ to the drug.

An analysis of the "patterns" of lung damage caused by emphysema, which is expected to provide more knowledge about the progress of this disease and lead to better treatment.

A study of the changes in the anatomy of the lungs caused by continued exposure to nitrogen dioxide, a common air pollutant.

Twenty-nine thousand dollars awarded in special fellowships enable medical students to conduct research during the summer months, Dr. Treganza said.

Aid Received

The awards, ranging from \$800 to \$1,000, went to four students at Loma Linda University medical school, two at UC medical school at San Francisco, five

Boy Scouts See Works Of Area Taxidermists

To provide opportunity for Scouts of Troop 352 and Explorer Post 352 to get another view of wildlife, conservation, and related occupational opportunities, Roger Price, scoutmaster, and Robert Waterhouse, assistant, recently took 18 Scouts to visit a taxidermist's work room.

While at the taxidermist's, Lyons and O'Haven in La Mesa, the boys saw what was reported to be the largest board ever killed. A Heartland area man killed it with a single shot with a bow and arrow.

Of special interest to the boys was the taxidermist's use of paper molds to replace muscles in mammals. Mike O' Haver, tour guide, explained the steps involved in processing a 1,300 pound, nine feet, six inches Kodiak bear the firm stuffed.

The Scouts, primarily from Lemon Grove and Spring Valley, have recently gone on trips to a fire station and a water treatment plant.

Boys participating in the taxidermist visit were Steve Archibald, Rudy Pantoja, Lee Panhorst, Vernon Johnson, Bradley Hill, David Hill, Ralph Castorena, John Spring, Tommy Tittle, Rick Spring, Curtis Dickson, Lex Nelson, Tom Jones, Bob Essex, Mark Nelson, Rodney Knudson, Greg Hamby, and Tim Hamby.

Donald Nelson is the Explorer Post advisor.

Troop 352 and Post 352 are sponsored by the Ninth Ward of the Church of Jesus Christ of Latter Day Saints (Mormon), 8472 Blossom Ln., Spring Valley.

Cubic Corporation has reported a 45 per cent increase in sales for the nine-month period ended Sept. 30, 1965, and a record backlog of \$11,000,000 versus \$8,000,000 reported at the end of the same period in 1964.

This Sunday

"Let the favor of the Lord our God be upon us." Psalm 90:17. This is the prayer of the psalmist and also our prayer as we stand at the close of another year and look into the year ahead. Divine wrath and human guilt are conquered in Christ. God became man in order that the favor of the Lord God might be upon us. If anyone has seen the disparity between the eternal nature of God and the fleeing nature of this life and has thrown himself wholly on the mercy of God and Jesus Christ believing that only here is there an answer to the ambiguities of this existence, then the words "Happy New Year" no longer have a hollow ring. Happy New Year—Jesus Christ is our dwelling place for all generations.

Service On 'God' Highlights Sunday

A consideration of the nature of Deity will be the theme of this Sunday's service on "God" in all Christian Science churches throughout the world.

The sermon will consist of correlated readings from the Bible and from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, the Discoverer and Founder of Christian Science. Included will be Moses' well-known injunction from Deuteronomy: "Know therefore this day, and consider it in thine heart, that the Lord he is God in heaven above, and upon the earth beneath: there is none else."

And this reference from Science and Health: "The power of God brings deliverance to the captive. No power can withstand divine Love."

Continued

It is the responsibility of every newspaper worthy of the name to print facts, not fiction; to confine its news columns to news, not opinion, and to dedicate itself to building more than destroying.

What the editor thinks about any given subject should never interfere with his objective handling of the news. Responsible journalism demands that he confine his personal thinking to by-lined columns or to the editorial page itself.

In order to accomplish its objectives, a newspaper must be financially solvent and cannot be dedicated to any cause not in the best interest of the people. This is as true on the grass-roots level of the country weekly as it is in the vast domain of the metropolitan daily.

The separation of the news department from the revenue-producing ones must be sharply defined, for a newspaper which lives in fear of economic rebuff or reprisal cannot possibly exercise editorial freedom necessary to keep the press free.

L.G. Burglar Hauled In On \$5,000 Bench Warrant

SAN DIEGO (CNA) — The sentencing of a Lemon Grove man who pleaded guilty to burglary was continued Tuesday until Jan. 1 to permit Superior Court Judge Robert W. Conyers "to cool off."

Judge Conyers said he was continuing the sentencing for three reasons: to get Hollenbeck's lawyer into court, to get supplemental information in the probation report and "to give me time to cool off—all of which should be to the defendant's benefit."

Local Schools Report Increase In Enrollment Figures For '65

The San Diego County Department of Education has released enrollment figures for the school districts in the county for the current school year.

The report, which was made at the end of October, indicated that the total enrollment in the county is up 8,488 students over last year's enrollment. This year

in the month of October, there were 317,939 students enrolled in grade schools, high schools, junior colleges and adult classes. Last year at this time there were 309,451 students enrolled in the county.

LETTERS TO THE EDITOR

Dear Editor:

It is again our privilege to represent the city and county of San Diego in the Rose Parade, Jan. 1, in Pasadena. We wish to thank the county for their help in financing our trip but we deeply regret that the city has found it necessary to withdraw their support.

First of all, we wish to clarify a few facts. It was our understanding that the band selected was to represent both the city and the county as in previous years. The city bands had the opportunity to enter the competition as well as the county bands and we welcomed open competition. There is a misconception on the part of the city council that bands entered in this particular competition must have over one hundred members. However, the majority of the bands marching, including ourselves, had less than ninety.

Secondly, we were under the impression that Mr. Lawrence Curtis, our band director, would be allowed to introduce the bill requesting financial aid from the city. Not only was this refused, but he was not even allowed to defend the bill as it sank like a soggy cake.

The city council, by their refusal to grant us financial aid, made it explicitly clear that we were a county band and that the county must bear our financial burden. Therefore, in the Rose Parade on Jan. 1, the Mount Miguel High School Marching Band will be representing the people of San Diego County only.

Sincerely,
Susie Plummer

Adult education is also on the rise in the county. There are presently 32,308 students in the 1965 figure of 21,230. Grossmont Adult School has 6,830 students.
